

10/22/2012 – Safety Committee Meeting

NOTES:

Neddra Niblet from Public Works Solid waste attended and heard about the illegal dumping in alleys.

Neddra:

- Will send postcards to everyone who shares the alleys. She needs addresses of the alley. Will say, "this alley is in violation. Tickets will be issued to anyone who is found dumping illegally."
- A card that says, "This alley is under surveillance. And it will be watched for illegal dumping."
- Can they do the opt-in for e-mail for the large item pick-up?

Will make signs for them to put on their alleys.

Will focus on the neighborhood and see what they can do.

Need to get everyone at the table:

- Neighborhood Inspection services
- Environmental Health
- Denver Public

Success will depend on residents who are actually violating needing to come into compliance voluntarily. People are going to have to start getting tickets for \$300 - \$500.
